Content submission, configuration

Week 1–2

2

Build & Customise

Chatbot flows, portal, booking setup

Week 2–3

3

Launch

Go live — as soon as possible

ASAP

4

First Review

Measure usage, quality & improvements

+14 days

5

Ongoing Support

Monitoring, updates, growth tracking

Monthly

Five steps to launch.

01

Log in & Confirm Company Details

Visit client-portal.mgucatech.com, sign in with your credentials below, and verify all your business information.

ACTION REQUIRED

02

Share Brand & Content Assets

Provide brand guidelines, FAQ document, pricing info, booking rules, support content, and your tone of voice.

ACTION REQUIRED

03

Confirm Handoff & Operating Hours

Identify who handles escalated conversations and define operating hours for automated responses.

ACTION REQUIRED

04

Approve First Workflow Before Launch

Review and sign off on the initial chatbot flow or portal configuration. Your approval is required before go-live.

APPROVAL NEEDED

05

Post-Launch Review

Attend the review session 14 days after launch to assess usage, handoff quality, and approve any improvements.
